[House Bill List](#)
[House Committees](#)
[House Members](#)

(NEW INFORMATION WILL BE IN RED)

Firefighter Day – April 23rd (Tuesday)

Action Alert Update – The Senate appropriations committee pummeled the Division of Fire Safety including the fire training money last week, BUT after talking to the chairman's staff, Jorgen feels he will fix the senate appropriations committee actions in Conference committee. We certainly will lobby this commitment vigorously to ensure that occurs. Jorgen has confidence in the chairman's commitment. Once the conference committee is appointed I will send to you their contact information and you can make calls.

In conference now will be the entire training money amount in addition to our \$200,000 increase, as well as a new vehicle replacement fleet.

THIS WEEK AT THE CAPITOL

Omnibus Public Safety Bill - HB335 is now eligible to go to the House debate calendar. As you recall, it took one bad amendment from Representative Roorda, which will allow employees of one fire district to run for another fire district board. Jorgen spoke to Representative Hinson, the chairman as well as the sponsor of the bill, and told him of our opposition. After, he and Jorgen met with the Rules Chairman; he is committed to remove the language.

Tax Reform –

The House heard the bill and Jorgen thought it would have been voted out this week, but many on the committee believe the cuts to state government are too deep and could impact services. The governor is expected to veto the bill if it lands on his desk.

The House heard the bill and will vote it out this week.

It is now the House's turn to put their stamp on the proposal.

Well the Senate jumped off the cliff in hopes that the water is deep when the journey ends. They passed a whopper of a tax cut, some claim as much as \$600M, others believe a couple hundred million less than that. The bill captures sales taxes on more on-line purchases and phases in a ½ cent sales tax over 5 years. Those combined are only \$400M, and the cut to income (corp and individual) taxes is over \$1 billion. Remember our entire state budget is only \$7.7 billion, but if you exclude transportation and conservation (both constitutionally protected), education foundation formula, and current Medicaid expenditures, not increases, the amount of money the state really has to spend is less than \$2B. The governor blasted the Senate, but one positive is it finally gets the discussion of center.

Sunshine Law Hearing - The Missouri Press Association was successful in placing a very bad amendment on a bill we support, which extends the sunset date to keep emergency operation and plan documents closed to the public – See SB139 below. However the companion bill in the House (HB256) has passed the House and received a lightning fast Senate Committee assignment. This will be the version that moves, and we will need to keep Sen. Schaefer's amendment off this version of the bill when it reaches the senate floor.

[House Budget Committee.](#)

Infrastructure was the big topic of the week. A mix of house and senate members continue to push for a 1 cent sales tax for 10 years which will generate \$8 billion for projects throughout the state. Half of the cost of rebuilding I-70 would come from this revenue source, the other would be from funds already allocated by existing highway funds. Another camp, including the House chairman and Speaker prefer the bonding method, which brings in significantly less than \$8 billion, at most probably just under \$2 billion, but it has no tax increase associated with it, and would be paid from existing general revenue over a longer period of time than the competing 10 year sales tax proposal. The two camps are far from a resolution.

The Senate Economic Development Committee passed out two bills that have not made it through the Senate in past sessions because of a lack of a deal on the over all reform of Tax Credits.

FSA Priority Issues

9-1-1

04-09-13 H Meeting set for 8:00 AM, HR 3 House-Crime Prevention

911 legislation - (HB653 – Jeannie Lauer) was heard before the House Criminal Law and Public Safety Committee. This bill, while broadly supported by our community, will have an uphill battle as we expected.

911 legislation - has been filed (HB653 – Jeannie Lauer) and was assigned to the House Criminal Law and Public Safety Committee, and scheduled for a hearing on Wednesday in the House. Exact location is not yet known. This is clearly the committee we want, but stalled this week after the sponsor decided not to file the bill.

The bill states, among other provisions, “In lieu of the tax levy authorized under section 190.305 or the sales tax imposed under section 190.335, the governing body of any county may impose, by order or ordinance, a monthly fee on any device capable of contacting 911. The fee authorized in this section shall not exceed one dollar and fifty cents per any such device capable of contacting 911, and shall be imposed solely for the purpose of funding 911 service in such county.”

Stalled this week after the sponsor decided not to file the bill. We will look for other sponsors, but it is a tax increase, which is not received warmly in with this legislature.

9-1-1 legislation is nearing introduction. We have seen a couple drafts, but no final version has been distributed. The bill will likely contain a local county option, instead of a statewide effect.

Increase Training Funds

(See above)

Russ Mason testified before the Senate two weeks ago, and now the House Appropriations Committee this week. Both times he received support for his request of more training money. The Budget bills begin in the House but won't be officially introduced until late this month or even early March. Jorgen looks for an increase, hopefully \$100,000 or more, when the bills are passed out of the House, and sent to the Senate.

State Emergency Fund for Disasters

Move over Law to also include Emergency Responders

(Review HB 638 and SB 282 below-Looking good)

Emergency Responder Protection – two bills are moving, which incorporate first responders including firefighters into a law that increases penalties for speeding while passing such personnel while they are working.

Senator Wasson's legislation (SB282) is out of the Senate Transportation Committee and has been placed on the Senate debate calendar. The House bill is sponsored by Rep. Shawn Rhoads – R-West Plains (HB638), and it was heard in committee.

Immunity Legislation

Legislation that provides additional liability protection for law enforcement officers while performing acts within their normal course of business has been introduced. We will attempt to expand that to firefighters and EMS as well. (HB 425)

Legislation that provides additional liability protection for law enforcement officers, while performing acts within their normal course of business, was heard this week, but appears to be dead. We wanted to amend firefighter protections onto this bill, but will have to find another vehicle. I suspect if protections for police were not supported, ours will have an uphill battle as well.

OTHER ISSUES

Workers Compensation

Workers Compensation reform was passed out of the House Committee this week.

The bill was heard in the House Committee this week. No vote was taken, but Jorgen suspect's action on the bill will take place immediately after break.

It appears now that some organizations are opposing the bill, but specific to the occupational disease portion, which does not affect us.

Medicaid update

Medicaid expansion was voted out of House Committee this week, and should clear the Rules committee next week. Progress after that point is uncertain.

Medicaid expansion continues to receive a lot of discussion but little movement. The issue is not ripe to pass until next session, but the sponsor is working diligently to get it before the full House and Senate this year still. The bill does not impact your typical client as of yet.

Bills of potential interest

HOUSE BILLS

[HB 28 Lichtenegger](#) Authorizes any county commission, municipality, or fire protection district to adopt an order or ordinance, including a burn ban order, regarding its emergency management functions as they relate to a natural or man-made disaster.

02-28-13 H Recommended for House Consent Calendar

[HB 332 Sommer](#) Removes the sunset provisions with regard to certain provisions of the Open Meetings and Records Law.

Bill History: 01-29-13 H Read second time

[HB 335 Hinson](#) Will likely be voted out on Monday, Feb 18th. This bill has been rewritten by the sponsor, who happens to be the chair, who happens to be a paramedic and worked for a fire district (Dave Hinson). He has been very accommodating.

A provision to increase filing fees for FPD board of directors from \$10 to \$50 will be included.

The \$1 per \$100 assessed valuation increase for FPD will be stripped from the bill, as the increase in tax in a no more taxes environment will sink the rest of the package. It is being replaced with another controversial item, although no cost to the state or taxpayers is a provision creating the designation of a community paramedic. This class of paramedic would assist hospitals in follow home visits to recently discharged patients to help reduce the hospitals readmission rate.

The committee has mixed feelings on the issue, but the chairman believes in the designation and therefore will fare well in committee at least.

Changes the laws regarding public safety. This is a big omnibus public safety bill. It contains a provision allowing FPD's to increase their levy by \$1 by vote of the people. The bill also contains several provisions on EMS, killed in the line of duty benefit, and repeals various communicable disease statutes. [Read the summary.](#)

Bill History: 02-20-13 H Referred to House Committee on House-General Laws

[HB 609 Miller](#) Adds certain licensed emergency medical technicians to the list of individuals who can report anyone diagnosed or assessed with a condition that may prevent the safe operation of a motor vehicle.

Bill History: 03-28-13 H Public hearing completed
02-15-13 H Read second time

[HB 612 Lichtenegger](#) Allows county commissioners to issue ordinances regarding natural and man-made disasters.

Bill History: 04-04-13 H Referred to House Committee on House-Local Government
02-15-13 H Read second time

[HB 638 Rhoads](#) Increases penalties for moving violations and traffic offenses occurring within an active emergency zone.

Senator Wasson's legislation (SB282) is out of the Senate Transportation Committee and has been placed on the Senate debate calendar. **Jorgen expects this bill to come up this week. The House bill is sponsored by Rep. Shawn Rhoads – R-West Plains (HB638), and it was voted out of committee. Rep. Shawn Rhoads will be placing HB638 on a Senate bill this week which will enhance our chances of passing dramatically.**

Bill History: 02-27-13 H Referred to House Committee on House-Crime Prevention

[HB 642 Elmer](#) Changes provisions governing construction management services for the state and political subdivisions.

Bill History: 03-27-13 H Public hearing completed
02-20-13 H Read second time

[HB 653 Lauer](#) Enacts provisions to provide revenues for emergency communications services. **Bill voted out of committee and is in Rules committee. This is a good first step, although the bill still has a steep climb to clear the House floor and Senate. The sponsor (Jeanie Lauer) has done a great job moving this bill.**

Bill History: 03-06-13 H Public hearing completed

[HB 692 Fitzpatrick](#) Repeals the provisions regarding the prevailing hourly wage requirements and specifies that no person will be paid a prevailing wage with specified exceptions.

Bill History: 03-27-13 H Public hearing completed
03-07-13 H Referred to House Committee on House-Workforce Dev. and Workplace Safety

[HB 761 Walton Gray](#) Prohibits cities of the third and fourth classification in St. Louis County from imposing a false alarm fee on an alarm user's first occurrence of a false alarm within a 12-month period.

Bill History: 03-04-13 H Read second time

[HB 809 Rowden](#) Requires all tax districts to report to the department of revenue their non-confidential tax rate and revenue collection information for display on the department's website.

Bill History: 04-08-13 H Meeting set for 12:00 PM, HR 7 House-Government Oversight and Accountability

[HB 846 Pfautsch](#) Repeals the requirement that reimbursement paid to a fire protection district by the City of Harrisonville for annexed property be governed by the boundary commission laws. This bill was assigned to the House Committee on House-Local Government

Bill History: **04-04-13 H Public hearing completed - House Committee Local Government**
03-28-13 H Referred to House Committee on House-Local Government
04-5-13 Was heard in the House Committee on Local Government. Central Cass County FPD testified in opposition. The witness representing the city of Harrisonville did not do himself any favors by distorting the issue so badly that it was easy for opponents to refute his testimony.

SENATE BILLS

[SB 1 Rupp](#) Modifies the law relating to workers' compensation. – This bill is a continuation of the reform of workers comp we supported last year. It is very broad and comprehensive (see summary at the bottom of this document) - It was heard and voted out of committee this week. It is suspected that several more versions will be contemplated prior to the bill receiving substantive debate time on the senate floor.

Bill History: 12-01-12 S Filed

[SB 24- Parson](#) - Allows third and fourth class counties to adopt building codes upon a voter approval and exempts agricultural structures from county building codes
